Power Washing

- APPLICABLE TO MOST SURFACES
- INSTANT RESULTS
- PREVENTATIVE MAINTENANCE USING LATEST PRODUCTS

As part of the large range of Environmental Services offered by SPS, power washing is a popular and instantly effective service.

Using the latest equipment and techniques SPS can power wash most surfaces to immediately improve the appearance.

High pressure external cleaning can be carried out on:

- Stone
- Monobloc surfaces
- Slab
- Patio
- Decking areas
- Drives
- Paths
- Pavements
- Car parks etc.

If required and depending on the surface SPS can apply the option of various treatments for preventative maintenance.

Our 15 years experience ensures that you receive a reliable service that gives you instant results in a non-hazardous, environmentally friendly way.
