

Security Solutions

Doorguard

Doorguard has been designed to provide a cost effective improvement to door security to occupied and unoccupied properties.

The unit is not visible from the outside and is manufactured from 3mm steel, incorporating a 5 lever deadlock and supplied in a choice of finishes.

Fitted with a quick release mechanism in case of emergency, Doorguard provides reassurance that the door is secure in the event of attack.

- Powerful door security
- Not visible from the outside
- Easily installed
- Suitable for most doors
- 5 lever deadlock
- Provides occupant with peace of mind
