## Graffiti Removal

Graffiti is an ever increasing problem of unsightly vandalism in the United Kingdom. It can change the appearance and character of an area instantly. Sometimes it's offensive but it will immediately adversely affect peoples perceptions of the area in which they live or work.

SPS provide an immediate response service to all graffiti removal requests, we use the latest techniques giving instant results. The chemicals used are non hazardous, environmentally friends to humans and the environment. The graffiti will be removed without any damage caused to the underlying façade.
